Kerala has consistently reaffirmed its commitment to sustainable and inclusive development, securing the top position in the SDG India Index for four consecutive editions conducted by NITI Aayog. As the State Nodal Department, the Programme Implementation, Evaluation and Monitoring Department has taken several proactive steps to further this commitment, including the development of the SDG Dashboard and the release of SIF 1.0. To ensure the SDG Dashboard accurately reflects the latest development trends and progress across the state, it is essential to incorporate data up to the most recent available year.
